### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with attorney Timothy Newholm on March 10, 2005.

In claim 8, at line 6, "mechanical" has been changed to --mechanically--.

In claim 10, at line 1, "the" has been changed to --each-- before "cooling".

In claim 25, last line "mechanical" has been changed to --mechanically--.

In claim 29, at line 1 "the" has been changed to --The--.

The abstract of the application has been amended to read as follows:

#### Abstract

An electric heating device as supplemental heating for motor vehicles includes as the heating elements power transistors directly mounted on the printed circuit board. For efficient removal of the dissipation heat from the power transistors the latter are in direct contact on their underside with a cooling element via openings in the printed circuit board. In order to simplify manufacture, the cooling elements are formed in two pieces: the heat conducting disk with a small thermal mass insertable into the opening

of the printed circuit board, and the cooling body which can be connected to that heat-conducting element.

2. The following changes to the drawings have been approved by the examiner and agreed upon by applicant: formal drawings will be supplied. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

3. The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose or render obvious an electric heating device as claimed wherein each heat-conducting element of each cooling element is mechanically fixed in the opening of the printed circuit board.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Teresa J. Walberg whose telephone number is 571-272-4790. The examiner can normally be reached on M-F 9:00 - 5:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Robin Evans can be reached on 571-272-4777. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
